

100% WARRANTY

AEOLUS NEO-SERIES CONDITIONS

The following conditions apply when submitting tyres under the 100% warranty for the Aeolus NEO Series:

1. Tyre must be part of the AEOLUS NEO Allroads, Fuel or Winter Series (see other side)
2. Tyre must have a remaining pattern of at least 50%
3. Tyre can no longer be repaired
4. Tyre is not older than 2 years, based on DOT Code
5. Damage due to incorrect use or misuse is excluded

How can you use the Aeolus 100% NEO series warranty?

(for tyre supplier; not end user)

1. The details below must be supplied by the tyre supplier:
 - Completed **claim form**
 - Photos of the concerned tyre + remaining millimetres + damage (make sure serial number is clearly visible)
 - Invoice/proof of date when tyre was sold to end user
2. Send details to the **contact person** for your region
3. The rest of the process has been described below.
4. End users must contact the supplier in your area (supplier where the tyre was purchased).

Aeolus settlement with tyre supplier

The claim will be honoured if the above mentioned conditions have been met. The damaged tyre will be collected and the Aeolus 100% warranty will be honoured by sending a new tyre, with the same size and type, free of charge. Settlement via a credit note is not possible for tyres that are subject to the Aeolus 100% warranty. Aeolus will settle claims with the tyre supplier, and not the end user.

Settlement tyre supplier with end user

The tyre supplier must personally settle the 100% warranty claim with the end user. It is possible to do this using the same claim form.

THE 100% WARRANTY APPLIES TO THE FOLLOWING TYRES IN THE AEOLUS NEO SERIES:

SIZE	PATTERN	L/S INDEX	TL/TT	3PMSF	AXLE	APPLICATION	NEW
